Micro-DISPLAY Control Coin or Card-Ready

Today, multi-housing owners and managers are constantly confronted with improving property security and enhancing amenity services. They are challenged to conserve energy and improve revenue cash flow.

Solutions to these issues are Speed Queen's Micro-DISPLAY Control (MDC) washers and dryers. The Horizon washers are ENERGY STAR® qualified. They reduce water consumption and save energy over conventional commercial topload washers. Attractive electronic controls also will brighten up any laundry room.

Residents will find the laundry process a breeze with the streamlined, easy-to-use Micro-DISPLAY Control.

- Displays coin countdown to start cycle.
- Shows cycle time remaining.
- Remaining card balance on card operated washers.
- Touch pad selectors for easy activation with LED and sound enunciator signal.
- Blinking start pad signal.
- Bright, easy-to-read cycle status lights.

Your authorized Speed Queen route operator can design an MDC laundry room solution for any property type.

- Non-resettable cycle and coin counters to monitor laundry room activity.
- Diagnostics to expedite service.

Ultra, High-Efficient Wash System

- The MDC offers four energy efficient wash cycles that integrate into a six-speed wash system.
- ENERGY STAR® qualified.
- U.S. Department of Energy compliant to 2007 commercial washer standards for energy and water savings.
- High speed final extract 1,000 RPM.

Horizon Quality Features

- Frontmount supply dispenser automatically dispenses cleaning solutions.

- Heavy-duty piano style door hinge, 10" in length.
- The "Big Load Door" opening of 188.6 sq. in. is 132% larger than the previous model.
- Safe door lock release at cycle completion.

- Heavy-duty 1 HP drive motor.
- Long-lasting all steel drive components.
- Freestanding design features four large automotive size shocks so the washer can be installed on most floor types or levels.

Washer Specifications

	SWRT71, SWRY71
Basket Volume - cu. ft. (liters)	2.84 (80)
Width - in (mm)	26 7/8" (683)
Depth - in (mm)	28" (711)
Height* - in (mm)	43" (1092)
Work Surface Height - in (mm)	36" (910)
Weight - lb (kg)	240 (109)
Shipping Weight - lb (kg)	260 (118)
Cycle Time	27 minutes
Motor HP	Variable Speed Induction, 1 HP
Water Consumption - gal. per cycle	14.8
Water Factor - gal. per cu. ft.	5.2
Modified Energy Factor	2.16
Hot Water Usage - gal. per cycle	1.59
Water Pressure - psi (bar)	20 to 120 (1.4/8.3)
Spin Speed - RPM	500, 650, 1000
Cycle/Temperature	Normal/Hot Normal/Warm Permanent Press/Warm Delicate/Cold
Electrical Specifications	120/60/1-15 amp
Agency Approval	UL
Activation	Coin/Card-Op/MDC
Self-Adjusting Rear Legs	No
Top and Lid Finish	Porcelain
Colors	White

* Heights may vary slightly depending on leveling adjustments.

Motor: 1 HP reversing, permanently lubricated. Electrical Requirements: Grounded 3-wire, 120V, 60 Hz AC, 15 amp circuit separately fused.

At Speed Queen, we're so confident that our heavy-duty commercial washers and dryers are Commercial Built to Last Longer, that we're offering the following limited warranty to prove it: Through three years† — Any part of the washer, dryer or stack dryer. Through five years† — The washer transmission assembly, base and cabinet assembly including top, lid and door, against rust from inside out. Lifetime† — The stainless steel washtub.

† Parts only. Labor not included. See Speed Queen Warranty Bond for specifics.

For the most accurate information, the installation guide should be used for all design and construction purposes. Due to continuous product improvements, design and specifications subject to change without notice. The quality management system of Alliance Laundry Systems' Ripon facility has been registered to ISO 9001:2000.
